

Help us create a more inclusive Queensland

Have your say on the 10-Year Plan

The 2010 Shared Visions regional forums are your opportunity to provide feedback on the draft 10-Year Plan for Supporting Queenslanders with a Disability.

Through the Shared Visions conferencing program to date we have heard the voices of a broad range of Queenslanders with a disability and those who advocate for them.

Taking into account the contribution of many Queenslanders involved in developing the Blue Skies Scenario and advancing the United Nations' Convention on the Rights of Persons with Disabilities, we have developed a draft 10-year plan to deliver our shared vision of creating more inclusive communities.

People with a disability, their families and carers are central to this plan and your feedback is critical. We would also like to hear from service providers, disability advocates, government and corporate partners, businesses and the community on how we can work together to create more welcoming and inclusive communities.

The forums will be held throughout Queensland from July to September 2010. Please visit our website at www.disability.qld.gov.au for forum dates and locations in your area.
