

MS Library

What services does the MS Library provide?

The MS Library is staffed by professional Librarians and supports people with MS by providing current, relevant information about MS and other topics of interest to people with MS and their families. Library staff can provide up-to-date information about MS in a variety of formats on topics such as:

- Current research
- Symptom management
- Complementary medicine
- Wellness

Where is the MS Library located?

The Library collection is housed across three locations: Blackburn (Melbourne), Lidcombe (Sydney) and Dutton Park (Brisbane). These collections include books, videos & DVDs that are available for a loan period of three weeks.

Who can access the MS Library?

The Library is open to the public.

Our borrowers include:

- People with MS (registered and unregistered)
- Family members and friends
- Health professionals
- Students

How can I access the MS Library?

1. MS Australia Resource Centre (MS ARC) Catalogue

You can search the MS Library catalogue and email your requests directly by accessing the MS ARC website at www.msaustralia.org.au/ms-resource-centre-catalogue.asp.
